## Box contents

- the stroller frame
- 1 front wheel set
- 2 rear wheels
- 1 organiser bag

1. Unfolding

- Undo the clasp on the side.
- Lift the stroller by the push bar, to unfold the stroller.

2. Rear wheels

- Push the pin of the rear wheel into the frame.
- To remove the wheel, pull the metal tab on the underside of the frame near the wheel.

3. Front wheel

- Put the front wheel on the frame, make sure the arrow points towards the frame. (see tip 1)
- To remove the front wheel, use pliers to push in the latch. Now pull the wheel off of the frame.

4. Fastening cover

- Make sure the fabric cover is always correctly attached to the frame.
- The fabric should be folded over the frame and secured with the velcro.

5. Folding

- Make sure the cabin is open and the front wheel is not locked.
- Press the button on the push bar and turn the handle away from you and fold down the stroller.
- Fasten the clasp on the side to prevent unfolding during transport.

Tip 1

Be sure the front wheel is installed with the arrow pointing towards the frame.

Tip 2

The front wheel can rotate 360 degrees. To prevent the wheel from turning, lock it by pushing the clip on the front wheel upwards.

Tip 3

To attache the organiser bag, fold the velcro strap around the push bar, push the velcro through the loop and fold the velcro back on itself.

Caution ⚠

- This carrier is for pets only.
- Max. capacity 28kg.
- Use the fastening lines at all times.
- Fully unzip the cabin before folding.
- Do not use when nuts or screws are loosening.
- Clean fabric with mild household soap and water.
- If wheel squeaks or rotates with difficulty, apply grease (like vaseline).
- Read warranty terms on innopet.nl
