

Storage Instructions for the table:

Attach the U-shaped plastic component to the rear entrance pipe.

Wrap the Velcro straps around both sides of the stroller pipes and secure them tightly.

Assembly Instruction:

Parts **B**

Please attach the clip labeled "R" onto the right side of the table, as observed from behind the stroller's handlebar with the person facing forward.

Tightly screw the two clips onto both sides of the table.

Loosen the clip and securely attach it to the pipes on both sides of the stroller.

Mount the U-shaped plastic component onto the canopy pipe of the stroller.

WARNING

1. Do not exceed the stroller's weight capacity by adding the grooming table.
2. Use caution when placing a grooming table on the stroller to maintain stability and prevent tipping.
3. Never leave your pet unattended on the grooming table while the stroller is in motion to avoid accidents.
4. Regularly inspect the attachment mechanism between the grooming table and the stroller for secure usage.
5. Prevent potential injuries by not leaving pets alone on the grooming table attached to the stroller.
6. Always follow manufacturer guidelines for both the grooming table and the stroller to ensure safety.

Caution

- This product is for pets only
- Max. capacity 15kg
- Do not use when nuts or screws are loosening
